

American Academy of Audiology

- *American Academy of audiology* é a maior organização profissional do mundo, feita por especialistas da área para audiologistas.
- Dedicada a fornecer serviços de saúde auditiva de qualidade por meio de desenvolvimento profissional, educação, pesquisa e maior conscientização do público sobre distúrbios auditivos e de equilíbrio.

- O periódico *Journal of the American Academy of Audiology* é o *journal* oficial da academia.
- Conta com artigos e relatórios clínicos que englobam todas as áreas da audiolgia, incluindo avaliação audiológica, amplificação, habilitação e reabilitação auditiva, eletrofisiologia auditiva e ciências da audição.

A página inicial do *journal* é dividida em três partes:

1. Caixa de pesquisa
2. Área de seleção de ano e edição
3. Conteúdo em destaque

The screenshot shows the homepage of the Thieme Journal of the American Academy of Audiology. It features a navigation bar with the journal title and a search bar (1). Below the navigation bar, there are links for 'Journal', 'Authors', and 'Subscription', along with 'Not Logged In' and 'Shopping Cart' options. The main content area is divided into three sections: 2. A sidebar on the left for selecting the year (2021) and issue (01: 1-68). 3. A central content area displaying the current issue (Issue 01 - Volume 32 - January 2021) with a list of articles, including an editorial and research articles. To the right, there are promotional banners for 'Atlas of Anatomy' (Fourth Edition) and a 'Want to become a Thieme author?' banner.

A área de pesquisa é dividida em duas partes:

1. Barra de refinamento lateral
2. Caixa de pesquisa

The screenshot displays the Thieme website's search interface. At the top, there is a navigation bar with the Thieme logo, a search input field, and links for 'Not Logged In' and 'Shopping Cart'. Below the navigation bar, a sidebar (labeled '1') contains a 'Produkt Type' menu with options: All Products (selected), Journals, Books, Article Type, Main subjects, Language, Journal, Author, Book Series, Thieme E-Library, Publication Year, and Publication Status. The main content area (labeled '2') shows 'Search Results' for a 'Full-text search'. It includes a search bar with a dropdown menu showing options like 'Full-text search', 'Author Search', 'Title Search', 'DOI Search', and 'Metadata Search'. Below the search bar, there are radio buttons for 'AND', 'OR', and 'Phrase'. The results section shows 'Journal Articles and Books' with a count of '1 - 20 from 697,523' and a 'Sort by: Online Date' dropdown. Three search results are visible, each with a 'Full Text' button and file size information (e.g., PDF (302 kb)).

A página de resultados é dividida em três partes:

1. Resultados de pesquisa
2. Ordenação de relevância de busca
3. Seleção por tipo de visualização do conteúdo

Access to Hearing Health Care, Geographical Residency, and Quality of Life in Adults with and without Hearing Loss

A página do artigo é dividida em três partes:

1. Ferramentas diversas e download no formato pdf
2. Título e informações do artigo
3. Área de visualização do conteúdo

The screenshot displays a journal article page from Thieme Open. The page is divided into three main sections as indicated by red boxes and numbers 1, 2, and 3.

- Section 1 (Top):** Navigation and download tools. It includes a 'Download PDF' button, social media sharing icons, and a 'Research Article' label.
- Section 2 (Middle):** Article title and metadata. The title is 'A Content Analysis of YouTube Videos Related to Hearing Aids' by Vinaya Manchalai, Monica L. Bellon-Harn, Marcella Michaels, Vinay Swarnalatha Nagaraj, and Eldré W. Beukes. It also shows the journal name 'J Am Acad Audiol' and the issue information '31(09): 636-645'.
- Section 3 (Bottom):** Abstract and full text. The abstract discusses the increasing use of internet-based health information and the study's aim to analyze YouTube videos related to hearing aids. It details the research design, sample, and data collection methods.

Additional elements on the page include a sidebar with 'Issues' and 'Table of Contents', 'Related Journals' (Seminars in Hearing, Seminars in Speech and Language), and 'Related Books' (Audiology). There are also advertisements for 'Atlas of Anatomy' and 'Auditory Brainstem Implants'.
